

PROGRAM

Friday, January 22, 2021

09:00–09:05 OPENING

Heinz Ludwig and Jesús San-Miguel

MYELOMA BIOLOGY AND RISK STRATIFICATION

09:05–09:30 Molecular pathway from MGUS to MM

Nikhil Munshi

09:30–09:55 Role of epigenetic modulation and bone marrow microenvironment in initiation and progression of myeloma

Charlotte Pawlyn

09:55–10:20 Risk stratification of multiple myeloma

Hervé Avet-Loiseau

10:20–10:40 Panel discussion

Discussants: Nikhil Munshi, Charlotte Pawlyn, Hervé Avet-Loiseau, Heinz Ludwig

10:40–11:05 Break

MANAGEMENT OF PATIENTS WITH SPECIAL CONDITIONS

11:05–11:30 Bone disease

Evangelos Terpos

11:30–11:55 Renal failure

Heinz Ludwig

11:55–12:20 High-risk disease including PCL and extramedullary disease

Francesca Gay

12:20–12:40 Panel discussion

Discussants: Evangelos Terpos, Heinz Ludwig, Francesca Gay, Jesús F. San-Miguel

12:35–14:20 Break

SMOLDERING MYELOMA

14:20–14:35 Why I treat all patients with high-risk SMM

Marivi Mateos

14:35–14:50 Why I don't treat all patients with high-risk SMM

Xavier Leleu

14:50–15:15 Panel discussion

Discussants: Marivi Mateos, Xavier Leleu, Jesus F. San-Miguel, Heinz Ludwig

15:00–15:30 Break

EMMA

European Multiple Myeloma Academy

PROGRESS IN MYELOMA THERAPY

- 15:30–15:55 Progress in first-line therapy of TE patients**
Philippe Moreau
- 15:55–16:20 Progress in first-line treatment of TNE patients**
Thierry Facon
- 16:20–16:45 The expanded choices for maintenance therapy**
Michele Cavo
- 16:45–17:00 Panel discussion**
Discussants: Philippe Moreau, Thierry Facon, Michele Cavo, Heinz Ludwig

KEYNOTE LECTURE

- 17:00–17:30 The roadmap to cure**
Jesús F. San-Miguel

Saturday, January 23, 2021

PROGRESS IN MYELOMA THERAPY

- 09:00–09:25 Treatment of patients in first relapse**
Kwee Yong
- 09:25–09:50 Treatment of patients after two or more treatment lines**
Pieter Sonneveld
- 09:50–10:15 BiTEs and cellular immunotherapy in MM**
Hermann Einsele
- 10:15–10:40 Novel therapies**
Enrique Ocio
- 10:40–10:55 Panel discussion**
Discussants: Kwee Yong, Pieter Sonneveld, Hermann Einsele, Enrique Ocio, Jesus F San Miguel
- 10:55–11:15 Break**

COVID AND PROGRESS IN AMYLOIDOSIS

- 11:15–11:40 Management of patient during the SARS-CoV-2 Pandemy- the Italian perspective**
Mario Boccadoro
- 11:40–12:05 Progress in Amyloidosis**
Giampaolo Merlini
- 12:05–12:20 Panel discussion**
Discussants: Mario Boccadoro, Giampaolo Merlini, Jesús F. San-Miguel
- 12:20 Closure of the meeting**

Program and themes are subject to change!
